SCHOOL REGULATIONS

Regulations pertaining to Sy Syms School alone are given here; those uniformly applicable to all undergraduate schools are given in the Academic Information and Policies section.

Attendance At the start of each semester, each student must report in person to the instructor of each course to learn the specific attendance requirements, including number of absences allowed. A record of the student's attendance in each class is kept by the instructor. Reasonable attendance is expected for every student in a class. While faculty members may modify attendance policies as they see fit, reasonable absence is defined as twice the number of times a class meets per week. Absence without an excuse may result in the student receiving a grade of G. Excessive absences may result in the student being dropped or withdrawn from the course.

Grades: P/N System Each student above the freshman year who is in good standing may select one course each semester to be graded P or N. This policy is for the purpose of encouraging students to take course work outside their area of specialization. The course may not be one required for graduation or required or recommended for the student's major. Students must apply for such a course during the period specified in the academic calendar.

Regulations and the limitations applicable to the choice of a course on the P/N system are available in the Office of the Registrar.

Credits for Enrollment in Classes, Honors, Academic Integrity, Standards, and Disciplinary Action: Regulations governing credits for enrollment in classes, the Dean's List, Latin honors at graduation, academic integrity, standards and disciplinary action are found in the Academic Information and Policies section of the catalog.

Workload: A normal workload for a full semester is six or seven courses. A full-time student is defined as one who is enrolled for at least 12 credits during a 15-week semester.
