I. Academic Scholarships

Yeshiva University Sponsored Scholarships Based on Academic Merit (Dean's Scholarships)

These scholarships are designed for exceptionally gifted students who demonstrate high academic achievement and a commitment to Jewish studies. Annual awards range from \$5,000 to \$15,000 for undergraduate studies at the university's New York campuses.

Distinguished Scholars Program

Qualified applicants may be designated as Distinguished Scholars. Each participant can receive a scholarship ranging from \$7,500 through full tuition for up to four years of full-time on-campus study toward a bachelor's degree.

Distinguished Scholars automatically enter either the S. Daniel Abraham Honors Program (Beren Campus) or the Jay and Jeanie Schottenstein Honors Program (Wilf Campus) or the Sy Syms Business Honors and Entrepreneurial Leadership Program (both Campuses) and participate in an enriched course of study, including freshman honors seminars and special events that tap into the unparalleled cultural and intellectual resources of New York. A faculty mentor provides individualized guidance for each participant.

Yeshiva Masmidim Honors Program

The Yeshiva Masmidim Honors Program, under the aegis of MYP, identifies approximately 10 exceptional incoming students each year who demonstrate potential to become genuine talmidei chochomim. Yeshiva University

Federal Supplement

Note: If you are a dependent student whose parents are unable to obtain a federal PLUS loan, you may also qualify for these higher loan limits.

Depending on computed financial need, the federal government may pay the interest due on the loan while the student is in school (subsidized); otherwise, the interest is due while the student is in school or may be capitalized until after graduation (unsubsidized).

IV. Student Employment

Federal Work -Study Program

The Federal Work-Study Program provides students who demonstrate financial need with possible employment to help meet supplementary educational expenses. The Office of Human Resources places students in jobs that, wherever possible, are in keeping with their career goals and previous work experience. In many cases, students without prior work experience receive on-the-job training.

The academic year Work-Study Program provides part-time employment of up to 15 hours per week while classes are in session at the Wilf Campus, Beren Campus, and Brookdale Center.

The summer Work-Study Program provides employment of up to 35 hours per week either off-campus near the student's home or at a YU campus.

Only students who will attend in the fall semester may participate in the previous summer Work-Study Program.

DETERMINING "NEED" FOR FINANCIAL AID

Programs that award financial aid based in whole or in part on need use a special definition of the term. "Need" is defined as the total cost of attending the institution minus the amount the student and the student's family can contribute toward that cost. This latter amount, the "estimated family contribution (EFC)," is determined by the standard congressionally approved formula using the information supplied on the Free Application for Federal Student Aid.

Each institution calculates the total cost—the "student expense budget"—using federally approved guidelines. Each student's budget is based on enrollment status and whether

or not the student lives on campus. Sample expense budgets for Yeshiva University undergraduate students are provided below.

Student Expense Budgets

The following budgets show expenses for the nine month school year. All figures are approximate, especially transportation costs. The student would incur many of the personal expenses (clothing, laundry, recreation, etc.) and food costs even if not attending college. The table does not list laboratory fees, as these vary with programs.

Sample Budgets (2014 –2015)

	Resident Student	Off- campus housing	Commuting Student (living at home)
Tuition and fees			
Tuition	\$37,730	\$37,730	\$37,730

Invoices are sent to each student at the address on file with the Office of Student Accounts as the billing address. Students should notify the office if they wish to change their billing address.

All payments must be sent to the Office of Student Accounts. The student's name and identification number must appear on the front of all checks.

Students who drop a course that results in a change in tuition will receive a refund for the dropped course as follows: first week, the student will receive a 100 percent refund; second week, a 75 percent refund; third week, a 50 percent refund; fourth week, a 25 percent refund.

The Office of Student Accounts will invoice students who add a course that results in a change of tuition.

If an undergraduate student drops below full time during the first three weeks of the semester, all university financial aid will be canceled.

Federal government guidelines require the prorated return of Title IV funds through the first 60 percent period of the semester. All federal and state financial aid will be returned in accordance with federal and state guidelines. Students should always meet with the Office of Student Finance before withdrawing.

LEAVE OF ABSENCE

Students who wish to leave the university temporarily should contact the Office of the Registrar for a leave of absence application.

CONSEQUENCES OF BEING IN ARREARS

Students will not be allowed to register for the coming semester unless all balances have been satisfied. In addition, a student is expected to pay for the next semester before entering the residence hall or starting classes. Students who owe money to the university or who are in arrears in repaying student loans will not receive a diploma or transcripts from the university.
